To

The Chief Secretary to the
Government of Ningcore

Sir,

With reference to your No: 11035/297 of the 1st January last, regarding the grant of land to Pensioned Naidar Ramanna for constructing a Musafer-khana at Hole narsipur, I have the honor to report that I feel diffident to explain the grounds for not recommending the grant of the cross road alluded to in this office No: 411 of the 16th December last, as no records are forthcoming to shew the views held by Mr Purniya who is now on leave.

2. The Musaferkhana is, it is reported, complete. It is open to all classes and creeds, the internal arrangements being made in accordance with the habits and customs of the country. The building accommodates about 30 Brahmins and 20 of other castes. A rough sketch showing the site, building, &c is herewith submitted for reference as requested. The total cost of the structure is estimated at Rs 1050 as will be seen from the detailed estimate attached to the file. It is ascertained that there exists no other Musaferkhana of the kind in the Taluk Narsipur town, though there is a small tiled house in the compound of Anjaneyaswamy's temple near the "Cauvery" Mala at a distance of about a furlong from the Musaferkhana in question. The house is by no means a commodious building and situated as it is within the

table compound it does not afford shelter to all classes.

3. With regard to the Tope raised by Ramanna, I beg to state that it is situated by the road side just in front of the Taluk Kacheri and in the very heart of the town. It contains 149 trees of various kinds as shown in the list attached to the file. These trees are from 6 to 15 years old bearing fruits and blossoms and in good condition. The tope is no doubt very useful to travellers and cattle and also to those who frequent the Katchéris on their daily business especially during the hot season. There are two other topes not far off; one at the Travellers Bungalow and the other on the bank of the river at Kadabuna-kopé.

4. Ramanna appears to have fulfilled in the conditions prescribed in the Rules

of the Mysore Land Revenue Code and has also executed a Muchalika binding himself and his representatives to abide by the provisions of the Rules prescribed for the future upkeep of both the Manapes-khana and the Tope. He further prays for the grant of Govt. waste lands in the villages of Mangalapura, Chikkagata-walli and Gajanahalli in the Taluk. The wastes in Gajanahalli are not available as they have been taken up for Revenue Plantation. The Govt. assessed wastes in Mangalapura and Chikkagatawalli as shown in the list (Ex. No: 16) are available The villagers of Chikkagatwalli have no objection; but those of Mangalapura state that they require a portion of the wastes in their village. The Amildar does not attach any importance to this statement as he thinks that it is made

from

khand subject to the charge for specified in the Rules.

8. The Vernacular file is herewith sent for reference and obliging return.

Correspondence ending with letter No. 673 dated 6th January 1892, from the Deputy Commissioner, Hassan District in the matter of the Musafarkhana built and the Tope planted by Pensioned Amildar Ramanna at Hole-Narasipur.

No 1228-9/26 dt. 18th April 1892. Order thereon.

The Deputy Commissioner in his letter No. 304 dated 1st August 1891 reports that the Musafarkhana at Holé-Narasipur built by Pensioned Amildar Ramanna is estimated to have cost Rs 1050/-, that he appears to have fulfilled all the conditions under the rules now in force and that he has executed

the necessary Muchalika.
The Deputy Commr- in con-
-clusion recommends the
grant- of unoccupied lands
at- Mangalpura and
Chikkabyagabāhulli of the
Kasba Hobli assessed at- Rs 10/-
for the upkeep of the Mu-
-safarkhana subject- to
the Jodi payable under
rule 2 Appendix G of the
Rules under the Land Re
-venue Code

The Vernacular papers
submitted show that- the
ground taken up for the
Musafarkhana including
its backyard is altogether
about- 2239 square yards,
that the building is capable
of accomodating about-
30 Brahmins within the
Chuttrum and 20 of other
castes in the outside Veran
-das and that- there is

of which however there
is at present no prospect

The Tope for which Patta
was granted by the De-
-puty Commissioner in 1869
in the name of Ramanna's
uncle is reported to adjoin
the Compound of the Taluk
Cutcherry and the num-
-ber of trees is now re-
-ported to be 61 in the
Compound and 75 outside
the compound. The num
-ber first reported was
149 and the difference is
attributed to avenue trees
being omitted at the
second reckoning. The De-
-puty Commissioner will
report whether the avenue
trees were also not planted
by Ramanna and if so
why they should be

omitted. If they be reckoned the number even outside the compound comes up very near to 100. The record shows that not long ago the number of trees was more and therefore Govt will have no objection to granting the prescribed Jodi lands if Ramanna will undertake to plant more trees at once and to maintain the topes under the rules prescribed in Appendix G. As to this, a further report is awaited from the Depy Commr.

Sir,

With reference to Dewan's Official Memo No. P/1542, dated 28th May 1892, requesting to submit definite proposals for the grant of Inam lands for the Tope planted by Pensioner Amildar Ramanna of Mysore, I have the honor to state that my Treasury Assistant Commissioner Mr. Srinivasachar, who went to Holé Narsipur as per my instructions for selecting lands to be granted

to the said Ramanna, — reports in his ——————— letter No^n B, dated 31^st^ August 1893 that he, in consultation with the Amildar, has selected two assessed waste lands, Survey Nos 16 and 17 and the Pensioned Amildar, Ramanna agreed to take them up.

2 The Villagers seem to have no objection to the grant of the lands under reference, provided the grantee does not object their cattle to go for drinking water in the pucca Kattè, situated in Survey No^n 17.

3 Two Muchalikas are taken, one from Pensioned Amildar Ramanna to say that he does not interfere in allowing the cattle of the Village to drink water in the Kattè above referred to and another from the Villagers to

the effect that they have no objection to the grant of the lands to Pensioned Auildars Ramanna.

4— Mr Spinnanathu also states in his report that the assessment of these two numbers being Rs 30/- which is in Excess of the proposed Jodi by Rs 3/- the same may be recovered as Jodi on the land every year.

5 The Vernacular Correspondence, together with a Schedule in the prescribed form is herewith Submitted.

I have the honor to be
Sir

Read - Correspondence ending with letter No: 609 dated 12th January, 1896 from the Deputy Commissioner, Hassan, submitting proposals for the grant of 300 land for the upkeep of the tope planted by the late pensioned Amildar Ramanna in front of the Taluk Kacheri at Hole-Narsipur.

—

Order - About the year 1869, when Ramanna was Amildar of the Hole-Narsipur Taluk, he planted a tope in front of the Taluk Kacheri for the use of the public and, with reference to the verbal orders previously obtained reported the matter to the Dy Comr, Col: Hill, who approved of the charitable

piece of work under
taken. The tope then
consisted of about 170
fruit & other use-
ful plants.

2 In 1889-90 Ramanna
built a Musafir Khana
close to the Taluk Kacheri
and addressed Govt.
for the grant of Jodi
lands for the upkeep
of the tope & the Musa-
fir Khana.

3 The Dewan recom-
mended the grant of
Jodi lands for the
Musafir Khana. As
regards the tope, he reported
that the records of 1870
did not show that
Ramanna had planted
it on condition of
obtaining any Jodi
lands and that there
were 136 trees inclusive
of 61 trees within the
Taluk Kacheri Compound.

4 In Govt. Pro. No. 1228-9
of 18th April 1892, the
grant of certain Jodi
lands on account of
the Musafir Khana
was

sanctioned. With regard
to the tope, further in-
formation was called for
and the Dep: Com: requested
to submit definite proposals
and a clear report after
personal inspection as
to whether the conditions
prescribed in the rules
on the subject had been
fulfilled and Ramanna
(now deceased) had
earned the right to
the grant of pōdi lands.

5 In reporting that
the conditions required
by the rules have been
fulfilled & that Ramanna
has had earned the
right to the grant of
pōdi lands, the Taluk Officer
should recommend
that the lands described
below may be assigned,
the area of Rs: 3/- over
the limit allowed by
the rules being recovered
from the grantee every
year in addition to
the pōdi payable: —

Village -	Survey no:	Extent -	Assessment -
Hullahalli	16.	14-32	Rs: 15-0-0
Holenarsi-pur Taluk:	17.	23-29	" 15-0-0
	Total.	38-21	30-0-0

6 There are no occupied lands and the villagers have no objection to the grant thereof, provided the grantee allows as usual their cattle to go to the Kattc in Sur: no: 17 for the purpose of drinking water. Ramanna agreed to do so & the necessary Muchalikas have been already taken.

7 The Asst: Govt: Who personally inspected the topes reports that there are —

52 trees within the Talak Kachen Compound,

53 Avenue trees planted by Ramanna.

& 67 Other trees outside the Kachen Compound.

172

and that all the trees are in good condition.

8 Under these circumstances and subject to the conditions mentioned

in July, 1895

above and to the
rules prescribed in
Appx: C. of the Land
Rev: Rules, Govt are
pleased to sanction
the grant of the lands
already described, as
jodi inam for the
due upkeep of the
tope in question,
jodi payable here-
fter as follows: —

1895-96. } first two
1896-97 } years — fr

1897-98 — third yr. — one

1898-99 — fourth " — two

1899-1900 and subsequent years — full jodi of one-tenth of the assessment of Rs: 27/-

9 The Asstt will give
due effect to these orders

and submit for
the signature of the
Dewan the usual
Sanad to be
issued in the case.
